Name _____ Date _____

Pence coins

Meet the 1p, 2p, 5p and 10p coins, and what each one is worth.

1 Learn

Let's meet four coins! Look at the **colour** and the **size**. Each coin is worth some **pence**.

1p
one penny
copper, small

2p
two pence
copper, big

5p
five pence
silver, tiny

10p
ten pence
silver, big

Which coin is it?

1. Look at the colour. **Copper** (brown)? It is 1p or 2p. **Silver**? It is 5p or 10p.
2. Look at the size. The smaller copper coin is **1p**. The smaller silver coin is **5p**.
3. Say its value: "This is **2p**. It is worth two pence."

Flip's tip: the little **p** means **pence**. One penny is 1p. A 10p coin is worth the same as 10 pennies!

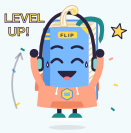

Warm up: draw a ring round every **copper** coin.

Grown-ups: use real coins if you can, so your child can feel the size and see the colour. Name each coin with its value: "two pence", not just "two".

Name _____ Date _____

2 Try it together a child and a grown-up, about 10 minutes

Coin sort

You need: some coins from a purse or jar (1p, 2p, 5p and 10p if you have them) and a few cups or bowls.

1. Tip the coins out. Sort them into **copper** and **silver**.
2. Now sort again: put each kind of coin in its own cup.
3. Say the name of each coin as you drop it in: "1p", "2p", "5p", "10p".
4. Count how many of each coin you have. Write it in the table.

Coin	1p	2p	5p	10p
How many?				

Grown-ups: if you have other coins, put them in an "other coins" pile for now. Keep coins away from babies and little children, and wash hands after playing with money.

3 Practise

A. Draw a line from each coin to its name.

Name _____ Date _____

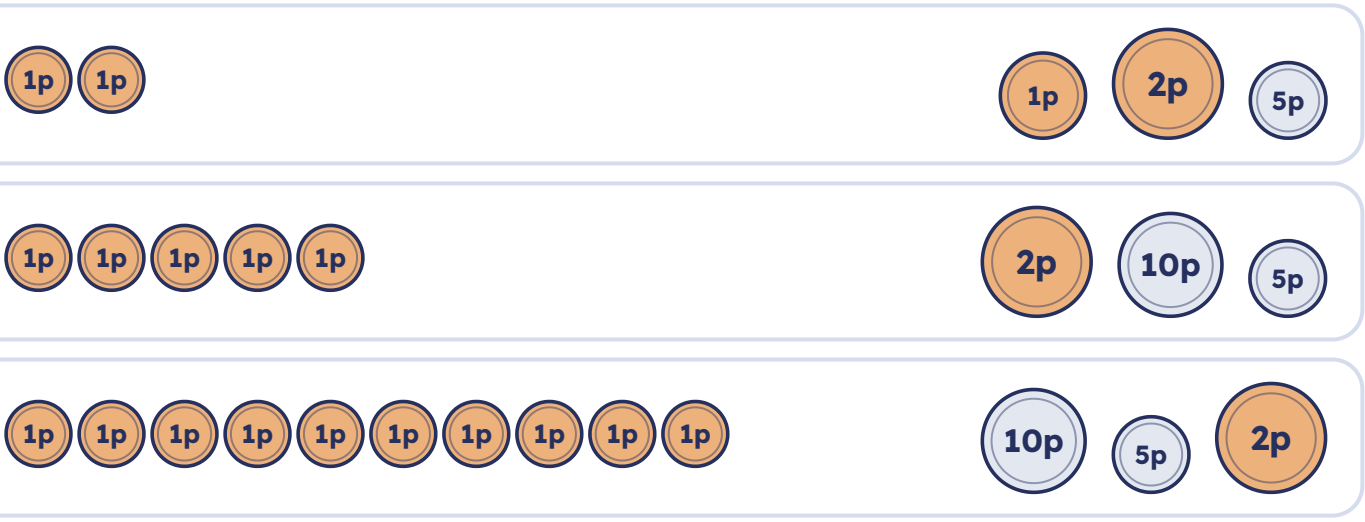

B. Which coin is it? Look at the colour and size. Write **1p**, **2p**, **5p** or **10p**.

C. Draw a ring round every **2p** coin.

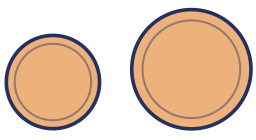

D. Which coin is worth the same as these pennies? Ring it.

Challenge

Mia says, "These are both **1p**, because they are both copper." Is she right? How can you tell?

_____

I can… Tick when you can.

- ☐ name the 1p, 2p, 5p and 10p coins
- ☐ use colour and size to tell them apart
- ☐ say what each coin is worth
